Suou-san.
I'd like to have a meeting about our volunteer cleaning work after school in the dorm lobby.
Can I ask you to make us some refresh-ments?

Thank you.
Sure, no problem.
I'll whip something up before dinner.

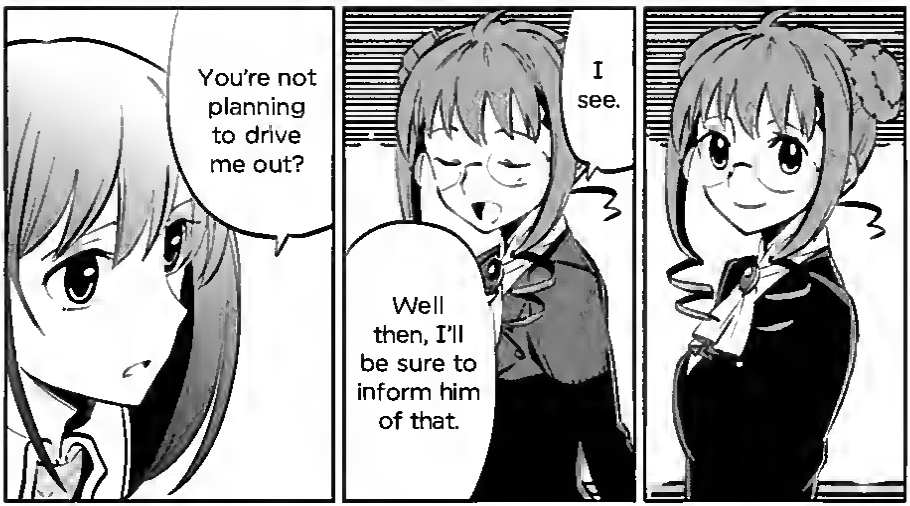
Huh?
Sakaki-san, you smile a lot more these days than you used to.
Please come to the principal's office.
Sakaki Yumiko-san.

He wanted to know whether or not you have any desire to leave this place.
I was recently contacted by the School Chairman.

I have no intention whatsoever of leaving.



You're not planning to drive me out?
I see.
Well then, I'll be sure to inform him of that.

There are also times when I must follow the Chairman's directions.
No; it's my policy to respect the wishes of my students.
However ...
A transfer student?
It's been quite some time since our last one
We're going to be welcoming a new transfer student.

He will be enrolling in the second year of our High School progr–
Hold on a second!
Although there were some special circumstances to consider,
our new student will be Kazami Yuuji-kun

Kazami-kun is a bit of a special case, but on the whole, he's a wholesome young man.
Is there a problem?
You didn't just say "He", did you?
I did.

It's essentially an all-girls boarding school! And you're proposing to let a single adolescent male come live here!?
Are you trying to turn this into some kind of Eroge?

"Is there a-"... You are aware what sort of place this school is, aren't you?

You have my guarantee on that.
Well, at the very least, when it comes to him, I can tell you this.
The types of situations you may be imagining will definitely not occur.

However, the first and last word regarding his transfer came from the same person as it did with Irisu-san.
The School Chairman himself.
Should I take that to mean you already know him?
Are you the one responsible for all this?
It's true that I was the one to recommend him.
Here.

And where is she?
She's been holed up in her room ever since she returned to the dorm.

But she's the one who suggested
that we have tea together...
He went to a completely ordinary elementary school...
Near the end of elementary school, he went to study abroad in Canada...

...
It's no good.
Even after a covert inquiry into my "personal network", I can't turn up any more information than that...
For him to be recognized as such a "special case",
there has to be more to the picture..
And yet, I can't find the slightest inkling of what it might be.
Kazami Yuuji...
Who are you?

Sakaki-san, are you not having tea with us?
Yes?

I just had something to look into...

Huh?
If you're worried about something, maybe you should try talking about it?

We're friends now, right?
Thanks for the offer.

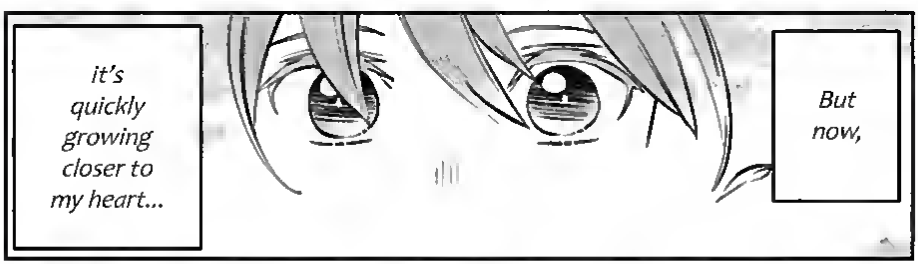
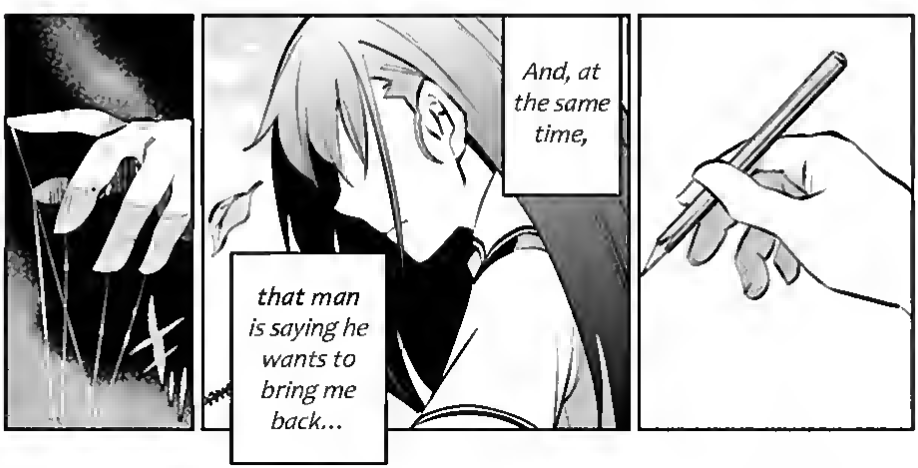
Okay, well,
don't push yourself too hard, all right?

I bet she's just "appreciatin'" those porno vids again, y'know!
How was she?
I didn't hear anything like that when I was coming in, though...
"Friends,"
huh?

When I first came to this place,
I only thought of it as a bird cage meant to imprison me.



it's quickly growing closer to my heart...
But now,



And, at the same time,
that man is saying he wants to bring me back...
